

EGYPT ENERGY 2022

30th October - 1st November

Egypt International Exhibition Center EIEC

Dear Sir/Madam,

We would like to invite you to participate at the upcoming edition of **Egypt Energy**, the leading platform for energy experts in Egypt & North Africa.

The 31st edition of Egypt Energy (formerly known as Electrix) is supported by **The Ministry of Electricity & Renewable Energy & The Ministry of Environment in Egypt**.

Sector represented at Egypt Energy:

- Power Generation
- Transmission & Distribution
- Energy Efficiency, Management & Consumption
- Renewable Energy
- Lighting
- Digitalization & Smart Solutions in Energy

2022 edition is welcoming 5 international pavilions from Germany, Italy, Korea, Turkey, and India and international participation from China, Japan, Poland, Saudi Arabia, and United Arab Emirates in addition to key players from Egypt with expected +120 Exhibitors and +8000 Visitors.

Alongside the exhibition, Egypt Energy Leadership Congress is being held to highlight latest opportunities in the Egyptian energy market, challenges, mega projects as well as the top topics in the power & renewable energy sectors. The congress is welcoming +35 high level speakers from both public and private sectors.

To increase the ROI of our exhibitors, the hosted buyers' program will bring +25 international buyers and +45 key local buyers to network with participants in the business matchmaking area, identify new business opportunities and build relationships with potential clients.

Participation fees as below,

- Space Only = 405 USD/SQM
- Standard Shell Scheme = 449 USD/SQM
- Upgraded Shell Scheme = 479 USD/SQM
- Compulsory Insurance = 250 USD
